

**Dear students,**

we are proud to announce that Slovenia is hosting its **first international MUN simulation – SiMUN** (Slovenia international Model United Nations). You have the opportunity to be the first to participate and lay the foundations for the future simulations yet to take place in Slovenia.

As spring time is best for new challenges we decided to organize this unique event from **5<sup>th</sup> to 9<sup>th</sup> March 2008** in the capital of Slovenia – **Ljubljana**.

As you all know, Slovenia will take over the presidency of the EU in January 2008, therefore the whole year is devoted to **intercultural dialogue** and human rights, which we chose for the topics of the SiMUN simulation.

Though the General Assembly simulation is the main aim of our meeting, we have also invited prominent speakers, and prepared some interesting workshops. We need not emphasize informal socializing will also play an important role.

Since we are aware of the great interest in MUN events, we have prepared a task for you:

when applying for the role of the representative of the country - write a short paper (max 500 words) with the title **“Protection of human rights during the war against terrorism”**; when applying for the role of a journalist – write a journalist story with the same title but taking a clear position on the matter (i.e. liberal, conservative, etc.).

If you are interested in the given topics, like informal learning and meeting interesting people, join us for an unforgettable MUN-adventure in Ljubljana.

You can apply by simply filling out the register form on our web page <http://www.unaslovenia.org/simun/register.htm>. The deadline for the applications is **15<sup>th</sup> of January 2008**.

We look forward to meeting you in Ljubljana!

With best wishes,  
*your SiMUN team.*
